Hello! I am Matt Loesel and have filled one of the planning/OSC roles during the ITC Tank Fire response. You are receiving this email as you have been involved with the ITC Tank Fire response, in some manner. At the end, or near the end of these large incidents, we like to receive feedback on what worked well and what did not. I am attaching a form as a starter for your feedback, and although it is just one set of questions, please feel free to add as much additional information or comments as you have. If you have any questions or concerns please feel free to give me a call. Thank you in advance for your help by giving us feedback, as it helps us respond in the future. Please have your feedback to me by COB May 17, 2019.

Lastly, thank you all for your help and time with this response, I know it is highly appreciated.
